

Additional Requirement – 5: HIV Program Review Panel Requirements

Compliance with *Content of AIDS-Related Written Materials, Pictorials, Audiovisuals, Questionnaires, Survey Instruments, and Educational Sessions* (June 1992) is required.

To meet the requirements for a program review panel, you are encouraged to use an existing program review panel, such as the one created by the State health department's HIV/AIDS prevention program. If you form your own program review panel, at least one member must be an employee (or a designated representative) of a State or local health department. List the names of the review panel members on the Assurance of Compliance form, CDC 0.1113. Submit the program review panel's report that all materials have been approved.

If the proposed project involves hosting a conference, submit the program review panel's report stating that all materials, including the proposed conference agenda, have been approved. Submit a copy of the proposed agenda with the application.

Before funds are used to develop educational materials, determine whether suitable materials already exist in the CDC National Prevention Information Network (NPIN). The website can be found at; <https://npin.cdc.gov/>.
